

IP PBX Service
Plus+1 PBX Plan

Let us save you hundreds per month.

Business Grade PBX SIP Trunk Service

Businesses need to find a competitive edge anywhere they can. In many cases, having the highest quality, most reliable PBX SIP Trunk service available provides an easy, quick professional advantage. Top-tier, dependable service – at rates that almost cut your bill in half – is easy with Voxtelesys.

Reliable PBX SIP Trunk service

Our redundant, proprietary SIP network ensures your calls get through. Even in a worst-case scenario carrier outage, all your inbound and outbound calls are seamlessly rerouted around trouble spots.

With our PBX service you get:

- Integrates with any IP-PBX based system
- Highest quality HD Voice available
- Unmatched customer service and support
- Unbeatable low rates
- Local and Toll Free numbers
- No long term contracts
- Custom Call Routing, Geo & Time-of-Day Routing
- Full Fail-Over Routing and Disaster Recovery
- DNC & TCPA call center compliance solutions
- North American & International Service
- E911 Service, T.38 Fax lines, Fax to email

1¢ Per Minute

In and out, no matter how many minutes you use. Pay only for what you need!

Most PBX customers buy unlimited plans and pay for thousands of unused minutes.

\$1.00 Per Line

No matter how many lines you need, expand to as many as you want.

Whether you need 1 line today or 100 lines tomorrow we can scale with you.

\$1.00 Per Number

A dollar per number, select the perfect number from over 300 local area codes.

Get that perfect number for your business. Order as many as you like.
